Dear Ms. Macias:

Thank you for your recent correspondence concerning Open Records Letter No. 94-698.

On March 11, 1994, this office received a request for a ruling from the Ysleta Independent School District (the "district") pursuant to section 552.301 of the Government Code; this request was assigned ID# 25167. On May 24, 1994, the district received an additional request for the documents at issue in this file. The request was forwarded to our office and attached to our pending ruling, ID# 25167, on June 1, 1994.

On June 3, the district submitted an additional request for a ruling which was assigned a separate file number, ID# 26803. Confusion arose as a result of the close similarity between the two files. Thus, correspondence and copies of documents sent by the district on June 15 for the request that was eventually assigned ID# 26803 were inadvertently attached to file ID# 25167. Due to this error and the similar subject matter of the files, these requests were subsequently combined and answered with one ruling, Open Records Letter No. 94-465. However, our office failed to close the original file concerning ID# 26803. When the district failed to contact our office upon receipt of our July 8 request for documents concerning ID# 26803, this office issued Open Records Letter No. 94-698, not realizing that the district had previously sent the documents in connection with another file.

As Open Records Letter No. 94-465 addressed both open records ruling requests ID# 25167 and ID# 26803, you may consider this letter as a formal withdrawal of Open Records Letter No. 94-698. Please disregard Open Records Letter No. 94-698 and rely upon Open Records Letter No. 94-465 in determining what information should be excepted from disclosure.

We regret any inconvenience or confusion this has caused the district and appreciate your assistance in clarifying the situation. Please do not hesitate to contact our office should you have further questions concerning this matter.

Yours very truly,

Ms. Rebecca L. Payne  
Section Chief  
Open Government Section
